## About ELAKS

The head office of the company ELAKS, PJSC was founded in 1994 in Ukraine. Designs and builds automation solutions for various industrial processes on the basis of equipment manufactured by world's leading producers, such as Siemens, Schneider Electric, Phoenix Contact, Rittal etc.

Our experts provide a full range of services, including the concept, design, engineering, production and commissioning of industrial automation systems.

GLORY TO UKRAINE 

**PJSC ELAKS**

## About ELAKS

Our team in Kharkiv, Rivne, and Kremenchuk includes over 100 specialists who work on creating solutions for industrial automation for businesses in Ukraine, Europe, Kazakhstan, and Moldova.

Since 2019, ELAKS has experience in the production of electrical equipment in Slovakia under its own brand. In 2022, we opened our representative office in Slovakia - ELAKS. AUTOMATIC COMPLEX SYSTEMS LLS.

ISO 9001:2015 certification granted by TUV Rheinland (Germany) testifies to our considerable experience and professional competence.

We have particular expertise in developing automation solutions for mining and metallurgical enterprises, cement plants, and food manufacturers. We will be happy to become your partner in industrial automation!
